Interface animation with restraint

The course at a glance

4 lessons | 72 minutes | Intermediate | Self-paced

Your instructor: Sofia Markovic

Who this is for: Learners with some experience who want a clearer method and constructive feedback.

The project: An accessible motion prototype

What you will practise:

1. Timing tokens

2. Reduced motion

3. Performance

What to bring:

A laptop and a browser

Some practical experience with the subject

Time to practise and share a project

This is a demonstration syllabus. Prices, learner statistics and enrolment are illustrative.

Interface animation with restraint

The curriculum

Understand the foundations

- Find your starting point (18 min)

- Explore: timing tokens (18 min)

Put it into practice

- Explore: reduced motion (18 min)

Make it your own

- Explore: performance (18 min)

Interface animation with restraint

Your project and reflection sheet

Make: An accessible motion prototype

1. Write the question your project should answer.

Notes: _____

2. Make a first draft. Record one decision you made and why.

Notes: _____

3. Ask for specific feedback. What works? What could be clearer?

Notes: _____

4. Make one revision and compare the result with your learning goal.

Notes: _____

Completion means attempting the project and reviewing it against the course outcomes. It does not imply professional accreditation.
